## **BOOK SYNOPSIS**

If you feel like your busy schedule is preventing you from becoming the next Monet or Van Gogh, let us introduce you to Alli. Alli has mastered the art of turning simple doodles into beautifully designed floral illustrations, and she is giving you her expertise in her book *How To Draw Modern Florals*. In this book, Alli will teach you everything you need to know about modern florals: tools of the trade, where to find inspiration, the anatomy of a flower, and the basic shapes for drawing a flower. You'll feel as though you're sitting down with Alli at a coffeeshop as she walks you through the process of drawing and designing modern florals. You'll learn designs from classic floral favorites like the rose to most popular florals of today. You'll even learn some non-traditional florals that happen to be some of Alli's favorites: succulents and cacti. This is an introduction, so no experience is needed. If you can draw a S or a C; with a pen, Alli can teach you how to draw a beautiful, modern floral design.
